Mike Bronokoski was a member of IBEW Local 1600 in Pennsylvania. A few weeks ago, he received the devastating news that he was in Stage 4 Cancer. As is typical for any member of the "Brotherhood", Mike chose to fight and recently started his first chemotherapy. Although hopeful, Mike was given the

news that his time was extremely short and he lost his courageous battle with his family by his side

L

Mike has left behind a beautiful young 12 year old daughter and his "Brothers" and "Sisters" at PPL Utilities in Cocalico, Pennsylvania will be working towards fund raising to support Mike's daughter and his family with not only his doctor's bills and his family's financial transition as they adjust without his income, but they also want to raise enough funds for a significant college fund for this amazing young lady.
